

Starting on January 23, our Kiss and Ride will look a little different. Kindergarten will still be in the same location but our older students will be moving to the front of the school.

Please take a look at the map to see where you should be dropping off your child(ren). We will have supervision in all areas to ensure student safety as they enter our property.

If you have children in both kindergarten and senior grades you can either drop all children off at the kindergarten K&R and the older students will walk to the front of the school or drop off at kindergarten 1st then drive the older students to the north K&R. This avoids the need for a left turn out of our front driveway.

In order for our K&R to work we rely on all the adults to follow all the rules. When one adult chooses to ignore the rules, it affects all of us. If you find yourself saying 'just this once' or 'I just had to quickly...' then we ask you to consider how it would affect everyone if we all did it.
